

LOCAL NEWS.

IN COMMON COUNCIL—THE PHYSICIANS TO THE POOR—CLERKSHIP OF THE GAS WORKS—SPIRIT DEBATE.

At the called meeting of the Council last night, immediately upon the assembling of the lower Board, Dr. J. B. Johnson rose to a point of order, which he stated to be, that the minutes of the last meeting should be changed, so that in the Salary bill it shall read, that "four Physicians, at a salary of \$100 each, shall be chosen," instead of "two, at a salary of \$200 each." Dr. J. contended that as at a previous meeting, the Council had, by resolution, inserted four Physicians in the bill, which was then referred back to the committee, that the committee had no right to alter or amend that part acted upon, notwithstanding the bill, as amended by the committee, had passed the last Council.

The Chair overruled the point of order, whereupon Dr. J. appealed from the decision of the chair, but the appeal was not sustained, so that the item remains as passed, viz: Two Physicians for the Poor, at \$200 each.

Mr. Ashby voted at first to sustain the Chair, but subsequently was permitted to change his vote.

When the petition of Mr. Owens, for permission to erect a frame building, on Patrick, between Prince and Duke streets, was before the Council, Dr. Johnson stated his dislike to oppose the granting of such favors, but that they were so frequent, as to have become a violation of the laws, as he was a strict constructionist, he should be exceedingly careful how he voted on these petitions.

There being no business before the body, Mr. Hough addressed the Council, in reference to the appointment of a clerk of the Gas Works—he had been chosen chairman of that committee and had desired to go to work, at once, but without a clerk, the committee could do nothing. Mr. T. T. Gwin had been appointed, but his appointment had been subsequently annulled, and it was now a matter of doubt with him, and a subject on which he desired the action of Council, as to whether the committee, or the Council should make the appointment—nothing could be done without a clerk and he desired instructions.

Dr. Johnson read the 24th rule requiring the Council to elect by ballot all officers or agents of the Corporation, and contended that the clerk of the Gas Works was an officer, and should be elected by the Council, just as any other officer.

Mr. Hough took issue with Dr. J. and said that the Dr.'s assertion, that the clerk of the Gas Works was an officer of the Corporation, might or might not be so, and contended that if this idea was carried out, every laborer at the Gas Works or on the streets, would have to be elected by the Council, which he denied. In his opinion the clerk was not an officer or agent of the Corporation, and was on a footing with the other employees at the Gas Works, all of whom are appointed by the Superintendent or the committee.

Mr. Brent stated that as there was no question before the Council, and as a clerk was necessary, he supposed the committee had a right to make the appointment.

Mr. Lambert offered a resolution that the committee on light be empowered to appoint a competent clerk, and regulate his compensation.

Dr. Johnson contended that unless the 24th rule was suspended, the resolution could not be adopted. He was opposed to delegating any such power to the committee, whose whims and fancies were not to be regarded by this Council. These committees had become too presumptuous, and had undertaken to dictate to Council. He did not like their action, in regard to the physicians to the poor, and would not yield to them any powers not strictly belonging to them.

Mr. Lambert contended that it was eminently proper for the committee to make the appointment, in as much as the Clerk had to obey the instructions of the Committee, and be governed by their direction. He considered that the "whims and fancies" spoken of by Dr. Johnson were the conjuring up of that gentleman's own fertile imagination.

Mr. Ashby opposed the Committee's making the appointment. He referred to the action of the Finance Committee—whom he designated as the "Bull Dogs of the Treasury"—in amending the salary bill in regard to the Physicians.

Mr. Brent suggested that the Finance Committee had not exceeded their powers at all.

Mr. Ashby contended that they had, and proceeded to criticize the action of the Committee, when he was called to order as introducing subjects foreign to the matter under discussion.

Mr. Brent—Let him alone; he'll get to the point presently.

Mr. A. repeated that he would oppose the Committee's appointing the Clerk.

The Chair stated that it was not necessary to suspend the 24th rule in order to take action on Mr. Lambert's resolution, and was proceeding to give his reasons for so deciding, when—

Dr. Johnson called the Chair to order, on the ground that if the President desired to speak he must leave the Chair.

The President said that he was merely stating his reasons for overruling the gentleman's point.

Dr. Johnson insisted that the rules required the President to vacate his seat, if he intended to speak.

Mr. Brent moved that the Chair be allowed to state his reasons.

The Chair said he had nothing more to say. Mr. Johnson appealed from the ruling of the Chair.

Mr. Clifford was sent to Council to do his duty, and he intended to act to the best of his ability as long as he was there. He considered that this office was as important as that of Clerk of Council, and felt assured that the judgment of sixteen men could be better relied upon than that of four. He would contend against the Committee's making the appointment to his last breath. He was too well acquainted with the workings of Committees in political and religious bodies, to be willing to entrust to these bodies powers. Gentlemen talked of the excellent manner of the working of their plans heretofore; why was it then that there was no better exhibit in the Treasury?

While he did not charge corruption on any, yet it was easier to corrupt a few than the many.

He was at a loss to know why certain gentlemen were so much opposed to the election of a Clerk by the Council, but he would contend for it to the last.

Mr. Brent argued to show that the Clerk of the Gas Works is not an officer or agent of the Corporation, and is not mentioned in the Charter; that he is a Clerk of the Committee, and that the Council had by resolution granted the committee the right to make the appointment.

At this point Dr. Johnson called Mr. Brent to order and raised the question, that the appeal was not debatable.

Mr. Brent said that after the opposition had exhausted their argument, and others wished to reply, they were met with points of order. He considered the gentlemen's point unwarranted, unnecessary and senseless.

The Chair decided that the appeal was not debatable.

The decision of the Chair was not sustained, and Mr. Brent proceeded to argue in favor of the appointment of the Clerk by the Committee.

Dr. Johnson thanked Mr. B. for his "legal lore—legal lore," but took issue with him, and wondered if the Council looked upon the Captain of the Watch as an officer; contending that the Clerk of the Gas Works was equally so. He advocated withholding power from the committee, who were the mere creatures of the Council and who might by collusion ruin the Corporation.

The decision of the Chair that it was not necessary to suspend the 24th rule was not sustained—ayes, 5; noes, 6.

A resolution from the Board of Aldermen authorizing the Committee on Light to appoint a Clerk and fix his salary at \$600 per annum, were received at this point, when the Chair decided that under the ruling of the Council it could not be considered.

Mr. Brent thought the chair wrong, and said that Council must take some action; they must either concur or non-concur in the resolution. The Chair adhered to its decision, but on an appeal was not sustained.

On motion the resolution was then laid on the table, and the Council adjourned.

THE FISH WHARF.—The City Council was called together last night, for the purpose of receiving a communication from the Mayor, in reference to the renting of the Fish Wharf to Messrs. Bowen, Bro. & Co., but prior to any action, being taken, a communication was received from Messrs. Bowen, Bro. & Co., which rendered action unnecessary, and the subject was dropped. The following are the communications referred to:

MAYOR'S OFFICE,
ALEXANDRIA, March 19, 1866.
To the Honorable City Council:
Gentlemen: I am induced to convene you this evening for the purpose of considering the validity of the contract entered into by the 'Committee on Public Property' of the last Council, with Messrs. Bowen, Bro. & Co., for the renting of the Fish Wharf.

The terms of the advertisement demanded cash, and the removal, by the Corporation, of certain articles from the barge, on or before the 1st inst. Both of those conditions have been violated, the first by the auctioneer announcing at the time of renting (no doubt at the suggestion of the committee), that the terms were that payments must be made in installments at 30, 60 and 90 days, thus changing in a very material manner the terms of the contract.

I had been known in advance that time would have been allowed for the payment of the rent, the presumption is reasonable, that other bidders, equally responsible as those who were present, would have attended and thus a larger amount might have accrued to the Corporation.

The failure of the committee to have the barge removed at the time appointed has created the idea that damages of an important nature will be demanded by the gentlemen claiming the contract.

There is another feature of this business to which I invite your attention, and without intending any reflection on Messrs. Bowen, Bro. & Co., or their endorsers; said endorsers residing in Washington, D. C. should any difficulty arise with Bowen, Bro. & Co., might it not extend to their endorsers?

Believing the principals to be perfectly responsible, which I do not question, they may refuse to attend to the payment of the rent given, and thus entail a lawsuit upon the Corporation.

I will also call your attention to the fact that the contractor, W. A. Stewart Esq., successfully removed the barge on the 16th inst.; the energy and perseverance displayed by him in the prosecution of the business, and the worth of the property, are commendable, and will no doubt be properly appreciated by the Honorable City Council.

In view of the above facts and inferences I submit the whole subject for your consideration.

HUGH LATHAM, Mayor.

To the Honorable Mayor, and Board of Commissioners.

Since the interview with your Committee on Public Property this p. m., the object of which was well known to your honorable body, we would say that after due reflection and consideration on the matter discussed with them, that we waive all claims and damages that may have resulted from the fact of the sunken barge remaining in front of the Fish Wharf after March 1st.

Hoping this may reach you in time for your honorable body to take action on it, thereby saving you much expense and perhaps unnecessary expense, and trusting that we may enjoy in quiet the term of our lease with your hearty co-operation. We are, most respectfully,

Yours truly, **BOWEN, BRO. & CO.**

During the evening a resolution was adopted instructing the committee on General Laws to enquire into the legality of the contract entered into between the Committee on Public Property and Messrs. Bowen, Bro. & Co., for the renting of the Fish Wharf.

THE MARKET has "fallen off to a mere skeleton"—except as to butchers' meats—and the stalls in the meat market are as plethoric and as full as ever. Recently some very fine beef and veal has been for sale. But in the way of vegetables, but little comes to market—and prices are high.

We hope soon, too, that the price of fish will come down; and that all engaged, in catching and selling them, may, even at reduced prices, make money, and be compensated for their outlay.

THE GERMAN DRAMATIC ASSOCIATION of this city gave an entertainment last night at their Rooms, 44, King street, when was performed with artistic skill and fine effect, the play of Wenn einem der Schuh drückt. The performance concluded with the farce of Die falsche Pepita. The prominent characters were taken by Miss Steinheim, Miss Prybell, Messrs Metzger, Baum, Schwab, Portner, Auerback, Dealham and Kleber. The entertainment passed off in the most agreeable manner.

The Washington Star says:—"The freed people who formerly belonged to G. W. P. Custis have petitioned Congress, setting forth that under his will they were to receive a comfortable subsistence during life, and that they are now destitute. They consequently ask that they and their children—some fifty all told—may respectively receive ten acres of the Arlington estate."

The track of the Washington & Alexandria Railroad has been completed down St. Asaph street to King, and workmen are now engaged in filling in and repairing the street. It is to be hoped that the street will be properly repaired, and not left in the condition that some of our streets are, through which railroad tracks are laid.

The residence of Mr. Wesley Avery, on Pitt street, was entered by thieves last night, while the family were at supper, and three overcoats stolen from the hall.

We are requested to state that there will be a repetition of the beautiful tableaux at the Fair for the M. E. Church South, to-night.

The police officers in Washington are directed to disperse all crowds of boys gathering at the street corners.

For the official proceedings of both Boards of the City Council, see another column of to-day's Gazette.

GOLD.

NEW YORK, March 20.—Gold 128½.

CIRCULAR.

The following circular from the Freedmen's Bureau, dated Washington, March 16, directed to the "Teachers of Colored Schools and Ministers of Colored Churches, has been issued:

Please publish to your school or congregation the following statement, important to the interests of all the colored people of this District:

Their enemies have circulated a false report to hinder the good work of this Bureau in getting homes and employment for them.

They are told that if they make contracts and go South they go into slavery again. This is a malicious falsehood. This Bureau was established for the protection of the freed people, and no contract will be approved by it without a sufficient guarantee of good treatment, good wages, and protection in all their rights as free men.

No complaint has come here from those who went to Virginia or other places in the South and Southwest. Most of those who come here for hands are Northern men who have always been friendly to the negro. Some have purchased land in the South, with the purpose to do good to the freed people by employing them, treating them well and showing to their enemies that free labor will do as well with the colored people as with whites.

Let me say to the freed people, through you: Do not tie the hands of your best friends. Do not starve your own children, by refusing a good place to work and repeating a lie invented by your enemies.

There are too many freed people now in this District. There is not work here for all. At our employment office, corner of M and Fourteenth streets, we will help you to get good homes elsewhere. Many applications come daily from all parts of the country for laborers. Will you believe a lie and stay here to suffer, and so please your enemies, or will you trust your own friends, accept good places elsewhere, and save yourselves and your families from suffering?

Government rations will not be given to those able to work when once offered employment. Take the advice of your friends, and seek for homes in the country before starvation and all kinds of suffering overtake you here.

Respectfully,
C. H. HOWARD,
Bvt. Brig. Gen., Assistant Commissioner

FENIAN BROTHERHOOD.

The regular weekly meetings of the ALEXANDRIA CIRCLE OF FENIAN BROTHERHOOD, ARE HELD ON

THURSDAY EVENINGS

AT HALF-PAST SEVEN O'CLOCK,

AT THE FRIENDSHIP ENGINE HOUSE,

AGENCY

FOR THE PURCHASE AND SALE OF REAL ESTATE IN VIRGINIA.

We have in our hands for sale a large number of VALUABLE FARMS in Loudoun, Fauquier, and other counties in "the Piedmont region" of Virginia—a section of the State which is justly celebrated for its wealth, society, soil, fine grass and peculiar adaptation to stock raising.

Many of these farms are equal to any in the State; some of them are priced VERY LOW, and none of them higher than they would have been before the War.

Among them we name the following:

LOUDOUN COUNTY.

1st. A farm of 600 acres, four miles north of Middleburg, enclosed and divided with stone and rail fences, in fair order, a large frame dwelling house, and all necessary out-buildings, in good repair, with fruit orchard, and abundance of wood and water. This is a remarkably fine grazing farm, and also produces good crops of grain.

2d. A farm of 245 acres, adjoining the town of Middleburg, well fenced, generally with stone, finely watered, and with plenty of wood. The dwelling is of brick, handsomely located, with all necessary out-buildings, except the barn and stables, which were burned. The land is of fine quality, and the farm a most desirable one.

3d. A farm of 370 acres, on the turnpike, 2 1/2 miles east of Middleburg, with five three-story dwellings, and all necessary out-buildings, except the barn, which was burned; a large orchard, of the most choice variety of fruit. Eighty acres of timber, and fine running water in every field. This is a first class Loudoun farm.

4th. A farm of 401 acres, five miles N. W. of Middleburg, near the Snickersville turnpike, fenced with stone, 100 acres of fine timber, well watered, and a good orchard. The dwelling is large, and built of brick. This farm has been somewhat neglected of late, but has been long celebrated for the large crops of grain, and the splendid beef made upon it. It is naturally first class land.

5th. A farm of 350 acres, on the Snickersville turnpike, 5 1/2 miles above Aldie. A fine dwelling, with all necessary out-buildings, except barn; the fences of stone and rail, in fair order. Wood and water and fruit in abundance. The land is in good condition, and is of superior quality.

6th. A farm near the last named, of 350 acres with a commodious stone dwelling house, kitchen-smoke-house, barn, &c. The land is of fine quality, is well watered, and is now all in grass. The fencing has been generally injured or destroyed during the war, but there is an abundance of stone and timber upon the land to renew it.

7th. A farm of 224 acres of first rate land, 2 miles below Philomont on the Snickers' Gap Turnpike. The dwelling is plain but comfortable, the out-buildings good. Abundance of fine timber, and well watered good fencing. A small orchard, 50 acres in wheat and the balance in grass.

8th. A farm of 400 acres near Middleburg, with comfortable improvements, good fencing, fine land plenty of wood, water, fruit, &c. A beautiful and productive farm.

9th. A farm of 175 acres, (with 40 acres adjoining, which can be added to it,) 4 miles N. W. of Middleburg. The house is small, and the out-buildings but ordinary. The land is of fine quality, well enclosed with stone, and with an abundance of wood and water.

10th. A farm of 900 acres, near the turnpike, 5 miles below Aldie. The land is in grass, and is susceptible of high improvement. The fencing is of wood, and is in good condition. The buildings are indifferent. Two hundred acres of fine timber. The land was once 1000 sheep, & a small portion of the timber converted into plank would pay for the farm. It can be bought for \$20,000 in Virginia bank paper.

11th. A tract of land at Aldie, Va., of 700 acres, well enclosed, a large and handsome dwelling, two large barns, and a good stock, two tenant houses, and every necessary out building. The land is of the best quality, and there is no better estate offered for sale in Virginia.

12th. A farm of 530 acres, 3 1/2 miles from Aldie, on the Prince William and Loudoun line, well enclosed, 150 acres of splendid timber, and the land taken in grass. Has upon it a dwelling with 5 rooms, good barn, stables, &c.

13th. A beautiful and most desirable farm of 780 acres 2 miles North of Upperville. The land is of fine quality and generally in grass, fencing in good condition, timber and water abundant. The main House is large and handsomely located on the slope of the mountain, the out-buildings in good repair and sufficient for the purposes of the farm.

14th. A farm of 625 acres 4 miles east of Aldie with comfortable dwelling and good out-buildings, and a few good timber and water and well taken in grass.

FAUQUIER COUNTY, &c.

15th. A farm of 414 acres, near Long Branch Church, with good dwelling-house, barn and other out-buildings. The land is good and well taken in grass, and there is upon it a fine orchard, and an abundance of wood and water. Also, 87 acres of good land adjoining which will be sold with the above, or detached, as may be preferred by the purchaser.

16th. A farm of 500 acres, 3 miles south of Middleburg, with comfortable improvements, except barn, which was burned; a valuable mill site, the mill having been burned. The land is in good condition, and the handsomest farm in Upper Fauquier, and no particular description is necessary. It is in perfect order, and is sold because the owner is advanced in life, has no children, and has lost all his labor.

17th. A farm of 200 acres, adjoining No. 16 with neat stone wall, and all the necessary out-buildings. The land is good, is fenced with stone, and has wood and water in abundance.

18th. A farm of 222 acres adjoining No. 16 with large stone house, kitchen, stable, &c. This is fine land, well enclosed, and most desirable property.

19th. A farm containing 400 acres, 5 miles S. W. from Salem, Fauquier Co., with comfortable dwelling (10 rooms) and all necessary out buildings in good order. The land is of fine quality, has abundance of timber and water and is well taken in blue grass. It will be divided I desired, throwing 200 acres with the dwelling-house, and leaving a farm in Fairfax county containing 821 acres, adjoining the famous battle-field of Manassas. The land is good, but the buildings and fencing have been nearly all destroyed. This land can be bought very low, as the owner is unable to improve it.

20th. A farm on Ivy Creek, in Albemarle Co., of 740 acres, of which 70 acres are low grounds. The improvements are good in every particular, and the land of fine quality. The farm can be readily and will be divided, if desired.

21st. A valuable tract of land containing 85 acres, 1 1/2 miles from Alexandria, on the road to the Episcopal Seminary. This land was handsomely improved before the war, but the buildings and enclosures have been entirely destroyed. It has upon it several handsome building sites, can be readily divided, and may be sold to any one who can divide and improve it.

22d. Also, a lot of 40 acres, at Bailey's Cross Roads, in Fairfax County, 4 miles from Alexandria in timber and unimproved.

Also a large stone hotel in Middleburg, being the only one in the town. This valuable property, and with good management would be a source of large income.

A handsome dwelling house in Charlottesville, &c.

Persons wishing to purchase Real Estate in Virginia or having any for sale will find it to their interest to call upon us. Address:
